The Modesty of Women

Naturally makes them shrink from the indelicate questions, the obnoxious examinations, and unpleasant local treatments, which some physicians consider essential in the treatment of diseases of women. Yet, if help can be had, it is better to submit to this ordeal than let the disease grow and spread. The trouble is that so often the woman undergoes all the annoyance and shame for nothing. Thousands of women who have been cured by Dr. Pierce's Favorite Prescription write in appreciation of the cure which dispenses with the examinations and local treatments. There is no other medicine so sure and safe for delicate women as "Favorite Prescription." It cures debilitating drains, irregularity and female weakness. It always helps. It almost always cures. It is strictly non-alcoholic, non-secret, all its ingredients being printed on its bottle-wrapper; contains no deleterious or habit-forming drugs, and every native medicinal root entering into its composition has the full endorsement of those most eminent in the several schools of medical practice. Some of these numerous and strongest of professional endorsements of its ingredients, will be found in a pamphlet wrapped around the bottle, also in a booklet mailed *free* on request, by Dr. R. V. Pierce, of Buffalo, N. Y. These professional endorsements should have far more weight than any amount of the ordinary lay, or non-professional testimonials.

The most intelligent women now-a-days *insist* on knowing what they take as medicine instead of opening their mouths like a lot of young birds and gulping down whatever is offered them. "Favorite Prescription" is of KNOWN COMPOSITION. It makes weak women strong and sick women well.

Dr. Pierce's Medical Adviser is sent *free* on receipt of stamps to pay expense of mailing *only*. Send to Dr. R. V. Pierce, Buffalo, N. Y., 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound.

If sick consult the Doctor, free of charge by letter. All such communications are held sacredly confidential.

Dr. Pierce's Pleasant Pellets invigorate and regulate stomach, liver and bowels.

Heart Strength

Heart Strength, or Heart Weakness, means Nerve Strength, or Nerve Weakness—nothing more. Positively, not one weak heart in a hundred is, in itself, actually diseased. It is almost always a hidden tiny little nerve that really is all at fault. This obscure nerve—the Cardiac, or Heart Nerve—simply needs, and must have, more power, more stability, more controlling, more governing strength. Without that the Heart must continue to fail, and the stomach and kidneys also have these same controlling nerves.

This clearly explains why, as a medicine, Dr. Shoop's Restorative has in the past done so much for weak and ailing Hearts. Dr. Shoop first sought the cause of all this painful, palpitating, suffocating heart distress. Dr. Shoop's Restorative—this popular prescription—is alone directed to these weak and wasting nerve centers. It builds; it strengthens; it offers real, genuine heart help.

If you would have strong Hearts, strong digestion, strengthen these nerves—re-establish them as needed, with

FIGHT WITH MUTINOUS CREW.

An exciting little naval battle took place in Vladivostok harbor yesterday between the mutinous crew of a Russian torpedo boat destroyer and their loyal comrades. The mutineers finally were subdued, but not before a number of men, including some officers, had been killed or wounded. The mutinous boat is the Skory, and she gave fight to the gunboat Mandschur, the destroyers Garsovoz, Smely and Serditz and the garrison of one of the harbor forts, manned by the Twelfth Regiment of Artillery. The Skory was soon overwhelmed, and she had to be beached to save her from sinking. This was not accomplished, however, before her guns had done considerabl damage and several officers and men of the other ships had been killed or wounded.

The crew of the Skory were incited by agitators, some of whom had managed to get on board and take charge of the destroyer. She steamed out into the harbor with the red flag flying and at once opened fire on the town and forts. A gunboat and three destroyers went out to engage her, and with the aid of the forts soon had the Skory riddled and helpless. She then turned and ran through the surf, and was beached. Those members of the crew who had not been killed or wounded by the gun-fire were arrested by soldiers as they made their way to land.

Afflicted With Sore Eyes for 33 Years.

I have been afflicted with sore eyes for thirty-three years. Thirteen years ago I became totally blind and was blind for six years. My eyes were badly inflamed One of my neighbors insisted upon my trying Chamberlain's Salve and gave me half a box of it. To my surprise it healed my eyes and my sight came back to me.—P. C. Earles, Cynthiana, Ky. Chamberlain's Salve is for sale by Gibson & Timberman and W. F. Creighton & Co.

STUDENTS BATTLE.

A recent case of hazing at the State Agricultural and Mechanical College at Raleigh, N. C., caused President Winston, of that college, to reprove the student body, and in his remarks he commended a manly fight in the open.

As the result of this, the freshmen class of the college sent a challenge to the sophomores to meet them for a tussle on the athletic field, and with about sixty-five on each side there was a mass fight Wednesday afternoon, Lieut. Young, U. S. A., the commandant, and members of the junior and senior classes allowing no fighting on the grounds.

Yesterday afternoon the sophomores invited the freshmen to battle, and there were many injured in the encounter. There were sixty five men on a side, and the noses of four cadets were broken, a number of eyes were blackened and many faces were scratched. It is understood that another fight was to take place today.

The opposing sides line up, rush at each other, and fight at will. President Winston and Lieut. Young think this will do away with hazing, but many friends of the college condemn the substitute.

The senior class of the college met last night and protested against a continuance of the fights, which, in the resolutions, are characterized as brutal. The resolutions allege that some students take unfair advantages, striking down exhausted men or striking from behind. They declare that these fights injure the college's standing and reputation, and should end at once

His Dear Old Mother.

"My dear old mother, who is now eighty-three years old, thrives on Electric Bitters," writes W. B. Branson, of Dublin, Ga. "She has taken them for about two years and enjoys an excellent appetite, feels strong and sleeps well." That's the way Electric Bitters affect the aged, and the same happy results follow in all cases of female weakness and general debility. Weak, puny children too, are greatly strengthened by them. Guaranteed also for stomach, liver and kidney troubles, by all druggists. 50c.

JUDGE ARRESTED.

E. H. Slover, sheriff of Coles county, went to Chicago yesterday and arrested Judge Peter S. Grosscup, of the United States Circuit Court, on a charge of manslaughter, contained in indictments returned Tuesday at Charleston, Ill., as a result of the fatal wreck last summer on the Charleston-Mattoon Interurban line, of which Judge Grosscup is a director. Simultaneously warrants were served on Francis S. Peabody, president of the Peabody Coal Company; Marshall E. Sampsell, receiver of the Union Traction Company, and Arthur W. Underwood, all directors of the Interurban Company, and indicted on the same charge. Following the services of the warrants, each of the defendants gave bonds amounting to $5,000, which were approved by the sheriff, and all were released from custody.

ALEXANDRIA GAZETTE AND VIRGINIA ADVERTISER.

THURSDAY EVENING, OCT. 31, 1907.

THE city democratic committee held another meeting last night and outlined plans for bringing out every voter of the party living in this city. All democrats should vie with them and do everything possible to encourage the representatives of the organization who naturally take a pride in swelling the democratic column. There is but little reason why every member of the party should not deposit his ballot at regular elections as well as at primary contests. Each voter should realize that it is his duty to confirm the action of all primaries by making the vote at the general election unanimous. There are other reasons at present why all who are in a position to vote should exercise that right. The electorate of this State is now in the main composed of a class of people differing considerably from the rank and file a decade ago. It is not a purchasable vote nor one that can be easily swayed by buttonholers, heelers or ward hirelings. The suffragan who must be a taxpayer and clear of the books, is supposed to vote intelligently, and these facts alone should stimulate all good citizens to appreciate the changed conditions by casting their ballots.

THE banks and trust companies were in better condition in New York yesterday than any day since the money crisis began. Not a single institution had to appeal to the clearing house for aid. There were many other indications of improving conditions, and promises of still further betterment in the near future. Among these was the resuming of the sale of cotton bills for the foreign market, which means that the tide of gold temporarily checked will again set this way. Another hopeful measure was the announcement of Comptroller of the Currency Ridgely that national banks will be permitted to issue notes on securities other than government bonds. This ought to mean an immediate increase in the volume of circulating medium. The fall of call money from 50 per cent, early in the day, to 3 before the market closed, was an unfailing sign of easy money.

POSSIBLY the oldest pending suits in the State were closed by final decree in the Circuit Court of Augusta county yesterday. The case of Peck vs Borden and Borden vs. Borden have been in the Virginia courts for more than one hundred years, and an estate of more than $100,000 has been in process of distribution during that time. There were nearly four hundred heirs at law. One died some years ago ninety six years old, and was an infant in the early litigation. The above case throws Dickens's "Bleak House" in the background. The suit of Jarndyce vs. Jarndyce, according to the novelist, hung for half a century in the English chancery courts. It afforded a living for two generations of lawyers, set the original parties to the suit crazy and when a final decree was entered it was discovered that the entire estate had been eaten up by costs.

ANNIE LEWIS is near death and Mary Hartley is in a serious condition as a result of eating poisoned candy in Wheeling, W. Va., yesterday. They purchased 5 cents' worth of the candy, Miss Lewis eating several pieces, and Miss Hartley merely tasting it. Neither became ill until yesterday, when Miss Lewis fainted while at work in a glass factory, and had to be taken home. She fainted several times on her way. The attending physician says her condition is serious. Items similar to the above have been copied by the Gazette during recent years, and they should be warnings to all who purchase the cheaper variety of candy. Unsuspecting children buy such products, and should they escape being poisoned there is danger of damage to their stomachs.

THE uncertainty concerning the region affected by the earthquake of October 21 is dispelled by the news from Russian Turkestan. Some of the early conjectures about the centre of disturbance now prove to have been erroneous, but the indications of its severity afforded at Washington and at European observatories were not misleading. To be sure, the destruction of Karatagh was only an indirect result of the earthquake. Yet to liberate a mass of rock sufficiently large to annihilate a whole town must have required the expenditure of a vast amount of energy. The loss of life at Karatagh was 2,500 not 15,000 as at first reported.

FOUR hundred farmers of Worcester county, Massachusetts, have taken steps to form the Farmers' Co-operative Association, which will control the output and prices of all farm products of the county. These are among the very people who are so bitter against trusts and other combines!

The Pittsburg, Pa., Stock Exchange Board of Directors voted to remain closed today. No intimation is given as to when business will be resumed.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, Oct. 31.

Telegraphic acceptances were received today in large numbers by Comptroller of the Currency Ridgeley, in response to his appeal of yesterday afternoon, for banks to increase their circulation, where the limit prescribed by law had not already been reached. Although it is not expected that an absolute adoption of the suggestion will follow, which would increase the money in circulation to over $300,000,000, the comptroller expressed himself today as sanguine that the banks would generously respond, and thus supplement the effective work which the Treasury had been doing for their relief, and that of the people at large. Other officials of the department point out that the national banks now hold the key to the problem. If they co-operate without delay, it is felt that the immediate pressure for ready money in certain leading commercial and financial centers will be relieved, and the present uncomfortable financial snarl be unraveled without damage to the vasts interests involved.

United State's sailors may play base ball on Sundays, provided they don't make too much noise. Assistant Secretary of the Navy Newberry has decided the matter, on the complaint of certain religious societies of Philadelphia, which had been shocked by the Sunday ball games of sailors from the League Island Navy Yard.

Dispatches have been received at the State Department from St. Petersburg, confirming the report that several Americans were killed in the bombardment of Vladivostok by the Russian mutineers yesterday. The department has cabled, asking for the names.

Secretary Straus, of the Department of Commerce of Labor, whose call for a conference with the important commercial bodies of the country has aroused wide-spread interest, denied today, that any move to suggest tariff reform was contemplated. "The sole idea," he said, "is to prepare for a more aggressive campaign to develop foreign commerce and trade. My aim in calling this conference is to secure information and determine upon the plan by which this campaign can be carried on. We want more special agents to investigate foreign trade conditions, and we desire to bring the commercial and manufacturing interests into closer relation with this department."

Secretary of the Navy Metcalf has recommended that the width of the Panama canal be increased from 100 to 110 feet. This was is response to a request from acting Secretary of War Oliver, in view of the increased size of battleships since the plans for the construction of the canal were drawn.

Secretary Loeb returned today from his hunting trip south of Yellowstone Park.

Senator Scott of West Virginia, says, if Mr. Root were to be presented as a candidate by his State, he would make a most formidable candidate.

A judgement of $28,842 against A. B. Barber, the asphalt king obtained in the New York courts by Wm. H. Healy Smith, a broker, was entered in Justice Claubaugh's court today and the Barber estate here, valued at $300,000, ordered sold to satisfy it.

During an altercation between whites and negroes at 22d street and Virginia avenue, n. w., this morning, Thos. Burke white, 33 years old, of 526 22d street, was shot in the left arm, and Walter Washington, colored, 33 years of age of 616 23d street, was shot in the stomach. Both were removed to the Emergency Hospital. Four arrests were made.

An abnormal number or applicants for positions as clerks are communicating with the employment bureau since the financial crisis.

Word was received at the War Department today from Major General J. Franklin Bell, chief of staff, who has been taking a course of treatment at the Muldoon farm sanitarium, at White Plains, N. Y., that he will leave there tomorrow, completing a full month's treatment, and will return to his office Saturday morning. Gen. Bell is said to have attained a condition of ideal health.

WASHINGTON'S HEIRS CLAIM CINCINNATI.

Following the appointment of an administrator de bonis non at Fairfax, of the estate of Gen George Washington, the first President, the heirs of Gen Washington are preparing to lay claim to the entire city of Cincinnati, its suburbs, and several adjacent counties.

The land in question was voted Washington by Congress at the close of the war against Great Britain as compensation for his services. This tract was in what was then known as the military district of the United States, and Gen. Washington was urged by his friends to accept the gift of Congress. It is stated by Attorney John Nichols, of Cincinnati, who has the matter in charge, that the heirs have documental proof of the fact that Gen. Washington agreed to accept the land voted him, and selected as his portion the present site of Cincinnati.

In the meantime John Cleves Symmes, who had obtained a grant from the government, surveyed the same tract, completed his right of title, took possession, and now the land is worth hundreds of millions of dollars, and is the home of a million people. Washington, it is said, failed to record his patent.

FINANCIAL.

The following is a summary of the financial condition in New York at the close of yesterday's business:

The federal government, by an interchange of securities, offers to release from $15,000,000 to $300,000,000 to be added to the national bank circulation.

Gold bullion to the amount of $55,000,000 in the mints at Philadelphia, Denver and San Francisco is being converted, under rush orders, into gold coin.

Investors in stocks and bonds are pouring millions into Wall street, over 75,000 odd lots having been disposed of in one day.

Insanity is to be the plea in the defense of Harry Kendall Thaw, whose second trial for the slaying of Stanford White will begin in New York on December 2 next. Martin W. Littleton, chief counsel for Thaw, it was learned late last night, has decided on this course: He is convinced that Thaw is insane, and has not adopted this course as merely a theory on which to conduct a successful defense, but because he feels certain of the unsound mental condition of his client.

The discharge of Fred Hardy, a second hand, precipitated a strike of nearly 2,000 operatives of the Arlington Cotton Mills at Lawrence, Mass., yesterday, and others of the 7,000 hands employed there threaten to join the strikers if the demands are not granted. The President's order testing the horsemanship of officers of the United States army, a subject for levity by the general public, has become more of a stern reality to officers than the mere eating of dinner off a mantel-piece. WANTED SPEEDY HANGING.

Richard Walton, a negro, who recently murdered Mrs. Lillian Grant White by strangling her, and who, after a pursuit of several weeks, was arrested in Springfield, Ill., was tried and condemned yesterday. He begged the judge to shorten the time intervening before his execution.

Walton pleaded guilty despite the warning of Judge Brentano, that, under it, he could be sentenced to death. Walton persisted in his plea, but Judge Brentano ordered that evidence of the crime be submitted, notwithstanding Walton's acknowledgment.

When the evidence had been heard, Judge Brentano sentenced Walton to be hanged on December 13.

"Can't you make it shorter, Judge?" asked Walton, when sentence was pronounced.

"I regret that the law will not permit me to accommodate you. That is the earliest day possible," replied Judge Brentano.

Mrs. Grant was a kindergarten teacher of high reputation. She had employed Walton to do some work in her rooms, preparatory to moving. During the night he entered Mrs. Grant's room, strangled her to death, and stole her jewelry.

HAIR TELLS CHARACTER.

Color of Hair Said to Indicate a Person's Temperament.

Many people believe that blonde, or light hair denotes affection and dark hair constancy. A person without hair is not devoid of character; far from it. The disposition of the average bald-headed man is to show such solicitude for the welfare of others, that he neglects himself. A germ causes baldness. Prof. Sabouraud, of Paris, France, inoculated a rabbit with Dandruff germs, causing it to become totally bald in five weeks' time. To rid the scalp of these dangerous germs it is necessary to apply Newbro's Herpicide.

Volcanic Horror.

Berlin, Oct. 31.—A volcanic explosion—not an earthquake nor a mountain-slide—annihilated Karatagh and wiped out practically its entire population, according to advices received by Berlin newspapers from towns on the Transcaucassian railway, only 100 miles north of the scene of the disaster.

The town stood over the crater of a volcano, extinct since prehistoric times. By a sudden revival of the pent-up energy below, the latest version has it, the mountain was literally split in half with an explosion like that of millions of tons of dynamite.

The city, with all its buildings and inhabitants, was blown skyward in atoms and scattered for miles by the wind.

The nature of the catastrope is declared to account for the almost unprecedented loss of life. Of the inhabitants of the town itself, it is said, not one escaped. Even the corpses were consumed.

The survivors are reported to be but a few of the inhabitants of suburbs or outlying hamlets outside the crater walls. Even these villages were overwhelmed by the fall of the millions of tons of the earth and rock hurled into the air by the blast. A few escaped, however, to carry the news of the eruption to the cities of the north.

The latest version agrees with the first that the killed numbers fifteen thousand. It is generally believed here that the numberis somewhat exaggerated. Though Karatagh's population can only be guessed, it is estimated here to have been between 2,500 and 3,000. The killed in neighboring villages, however, would probably considerably swell the number. Whether other towns of importance were also destroyed is not yet known.

Wholesale Discharges.

Chicago, Oct. 31.—Practically all the construction work on the Harriman lines in the west has been ordered stopped. In Nevada 350 men will be laid off tonight. In Oregon and Idaho all construction work will cease tomorrow. The Rock Island Railroad has reduced its force by 2,500 while the Union Pacific has laid off 4,000 men.

General Superintendent Park is authority for the statement that the Union Pacific retrenchment so far has resulted in the letting out of more than four thousand men. All construction work save the most essential repairs has been stopped, he said, today.

Despite the denials of Pennsylvania line officials, Chicago railroad men believe steps along the same line will be taken by the eastern roads within the next few days.

Reno, Nev., Oct. 31.—Three hundred and fifty men will be laid off tonight at Sparks, Hazen and Imlay, where they have been working on construction work for the Southern Pacific. The order came from the Salt Lake headquarters of the road. The reason given was that "financial conditions and adverse legislation" necessitated a policy of retrenchment.

Portland, Ore., Oct. 31.—Thousands of workmen in Oregon and Idaho will be thrown out of work tomorrow as a result of an order promulgated today from General Manager J. P. O'Brien of the Harriman lines, that all construction work shall cease November 1. The order affected several important pieces of construction work that were under way. No effort will be made to complete them by shortening the force for the time being. General Manager O'Brien accompanied his order with a statement that financial conditions necessitate the move.

Armenian Arrested.

New York, Oct. 31.—Myrian Karaghensian, the rich Armenian rug importer, who caused last night's arrest of a countryman, Paresch Neveroofian, on a charge of attempting to extort $2,000 from the former, fears the capture will not save his brother, Aram, who runs the Constantinople end of the rug business, from the vengeance of Neveroofian's associates. He says Neveroofian told him the plan was to hide bombs in Aram's Constantinople home and betray him to the Sultan's secret service men as a revolutionist. The rug merchant explains that they can still do this, and, as justice is administered in Turkey, he fears no defense his brother can make will save him. Karaghensian professes to have paid Neveroofian $50 on account last night. He had detectives in waiting for the latter, and when he started to leave, the man was arrested. When he was searched, bills, marked were found in his pocket.

Bank Closes.

Columbus, O., Oct. 31.—The banking and brokerage house of Sessions & Co., east Long street, one of the oldest in the city, failed to open its doors today. It is estimated that the liabilities are about $200,000 and the assets about $25,000 or $30,000 less the number. Most of the liabilities are sums owing to customers. Loans are held by Columbus banks, but is claimed they were well secured by collateral. Decline in local securities is assigned as the cause of the failure of the concern.

LETTER TO THOS. J. FANNON.

Alexandria, Virginia.

Dear Sir: Experience teaches some people sometimes; it teaches a few some things; it's a mighty slow school though, that same experience.

Lots of people paint lead-and-oil, paint once in three years, and think themselves wise; they are wasting half their money and fuss. They're so sure they are wise, they die as they live, paint-foolish. Experience teaches them nothing.

There's another set, who buy paint by the gallon, and go by the price of a gallon. They think one price is high, and another is low; and they pay about middling; why don't they pay low? They know that milk isn't dear or cheap by the price of a quart; that the milk has something to do with it. They don't buy "cheap" milk; but they buy "cheap" paint and pay double. Experience teaches them nothing.

There's another set. They painted years ago lead-and-oil; exhausted that. Then tried something else; it was better or worse. Then Devoe; it cost about half and wore twice as long. That's how experience teaches some of us.

Yours truly,

64 F W DEVOE & Co.

Destructive Fires.

Chicago, Oct. 31.—Eight firemen were overcome today in a fire that did an aggregate damage of about $500,000 an practically destroyed the N. B. Holden Shoe Company building. The fire is still burning fiercely, but the firemen think they have it sufficiently under control to make a spread of the flames impossible. The eight firemen were overcome in the fourth and fifth floors, but were carried out by their comrades.

Philadelphia, Pa., Oct. 31.—Loss of fully $100,000 was sustained today in a fire which practically destroyed a large four story building in north Second street. A. B. Cunningham & Co., wholesale tobacco dealers, occupied the first and second floors while the upper stories were occupied by I. R. Mess and Son. The origin of the fire is unknown.

The fire was got under control before noon.

Young Woman Beaten and Gagged.

New York, Oct. 31.—Miss Helen Lehman, a beautiful young art student of Cambridge, Md., was beaten and gagged and, she believes, chloroformed by a masked burglar who entered her room at the home of her cousin, Dr. Henry Roth, 663 east One Hundred and Fortieth street, early today. The young woman saw the man enter her room and tried to scream, but was so frightened she could make no sound.

The man struck her a heavy blow in the face and then stuffed one of her stockings in her mouth in a way as to form a gag. She said today she saw the man go leisurely about the room ransacking everything in the room. When she rushed down stairs to the room of Dr. and Mrs. Roth she fainted on the threshold. The thief had ransacked the house.

Nelson to Marry English Girl.

Chicago, Oct. 31.—Mrs. Ethel Merriles, a pretty English girl, is at a hotel here awaiting Battling Nelson's return from South Dakota when she is to marry him—so she says. Nelson has said nothing about it, but the young woman tells all about the engagement.

Miss Merriles says she is a rich Briton's daughter and met Nelson when he was traveling in England last December. She adds that the pugilist proposed to her before he left Europe and that but for her parents' objection they would have been married before his return to America. Nelson, Miss Merriles explains, promised to return to England in July, but was prevented from doing so by his ring dates. Finally the young woman grew tired of waiting and came to this country herself.

Hitchcock Disappears

New York, Oct. 31—Detectives searched every out-going ship in New York harbor today for a trace of Raymond Hitchcock, the comedian, who disappeared yesterday following the returning by the grand jury of six indictments charging serious crimes against him in connection with the alleged mistreatment of young girls.

At police headquarters, it is said that it is a case of "jumping his bail" or suicide. The actor has been released under bonds of $3,000, an amount which would mean little to him or his friends.

The charges against Hitchcock are of so serious a nature that should the total penalty be imposed his term of service in prison would amount to sixty years.

A Much-married Man.

Lynn, Mass., Oct. 31.—G. W. Borden, whom three women in as many New York cities claim as husband, was arraigned in court today charged with being a fugitive from justice. Borden was arrested on his express wagon by the local police, to whom he was pointed out by a Binghamton officer. According to the police, Borden, who is a native of Seneca Falls, N. Y., first married Miss Blanche Ide, of Borodino, then Annie Hilbert, at Niagra Falls, and finally Nora Baker, at Binghamton. It is wife No. 3 who makes the complaint. Borden was also named as co-respondent three years ago in a suit for divorce brought by Frederick Clarke, of Catskill.

To Develop Coal Field.

Pittsburg, Pa., Oct. 31.—Plans for the development of thousands of acres of coal land controlled by the Pittsburg-Buffalo Company near Zollersville, Washington county, have been announced. The project is a huge one, involving the expenditure of over $3,000,000, the sinking of two of the largest mine shafts in the world and the building of a mining village which will have a population of between 10,000 and 15,000 people. The town, which will be known as Marians, will be created next year on property now occupied by cornfields. Already hundreds of men are at work in the development of the property.

Richard Foote, his wife and six sailors from the Dutch bark La Van Romondt were landed here by the new Italian steamship San Giovani.

The shipwrecked crew of five from the waterlogged and abandoned schooner Foam were landed at almost the same hour from the steamship Ossibaw, just in after a rough voyage from Brunswick, Ga.

For this section fair and not quite so cool tonight. Friday increasing cloudiness and warmer, light variable winds, becoming southeasterly.

POLICE COMMISSIONERS.

A called meeting of the Board of Police Commissioners was held in the Mayor's office last night, Mayor Paff, presiding. Capt. Albert Bryan, who was elected by the City Council at the last meeting to represent the Fourth ward on the board, qualified and the resignation of Stewart M. Jones as policeman was accepted. The board adjourned to meet next Monday night when the vacancy will be filled. There are a number of applicants for the position, all of whom are requested by the board to appear in person at the meeting Monday night. The commissioners call attention to section 2 of the rules and regulations, which is as follows:

In selecting new members of the police force to fill vacancies, no man shall be eligible who is less than 5 feet 8 inches high, or weighs less than 145 pounds, or who is less than 21 years or more than 45 years of age.

DEMOCRATIC COMMITTEE.

A called meeting of the city democratic committee was held last night in the Opera House cafe. Mr. Charles Bendheim presided. A system was outlined and approved for bringing out the voters and seeing that they cast their ballots at the general election next Tuesday. Mr. James R. Caton, the democratic nominee to succeed himself in the legislature, stated that he has made a thorough canvass of the city and feels confident that he will win by a large majority. Mr. Frank Evans is his opponent.

At the meeting of the committee last week an address to the democratic voters of the city was prepared, a copy of which is to be sent to each. This address was published in the Gazette, and it should be a sufficient reminder to all democrats that it is their duty to vote next Tuesday.

SENT TO GRAND JURY.

Charged with having broken into the home of Mrs. Lela Qualtrough, wife of Commander Qualtrough, and with having stolen from the house several bronze works of art, Charles Walton, who was arrested in this city last Friday, was arraigned in Police Court in Washington yesterday. He entered a plea of guilty, and was held in bonds of $3,000 to await the action of the grand jury. The warrant charges that the defendant stole two bronze chandeliers, two bronze vases, two statues, and seven bronze lamps, valued at $1,800. The police are making efforts to recover more of the bronzes which were stolen from Mrs. Qualtrough's home and which Walton admits having sold in Alexandria, but as yet no trace has been found of the missing articles.

HALLOWE'EN.

The night of the 31st of October is generally celebrated as Hallowe'en, when the younger generation are supposed to give loose reins to their mischievous natures by removing blinds, gates and shutters, throwing cabbage and turnips and engaging in many other pranks to the annoyance of their elders. The more thoughtless sometimes use cobblestones in battering doors. Housekeepers are often exasperated to such a degree that there is a strong temptation to use shotguns. As was stated yesterday, Chief Goods will have the entire police force on duty tonight, and both young and old who may be caught defacing property or conducting themselves in a disorderly manner will be locked up and brought before the Police Court tomorrow morning

CORPORATION COURT.

[Judge L. C. Barley presiding.]

The will of Matthew McKeown was offered for probate and by order of the court a jury was directed to be summoned for November 16 to ascertain whether the paper presented is the true will of Matthew McKeown. The deceased left all his property to one son, Robert M. McKeown, ignoring the other children, who now deny that their father was capable of making a will.

Thomas Waddey vs. Harry H. Simpson; motion for judgment. Case continued till November term.

ALL SAINTS' AND ALL SOULS' DAY.

All Saints' Day, one of the principal festivals in the Roman Catholic church calendar, will be celebrated next Friday at St. Mary's Church, this city, and all other Catholic churches in the world. There will be special masses appropriate to the occasion. Next Saturday will be All Saints' Day. Services will be held in the churches on that day also.

CIVIL SERVICE EXAMINATION.

Another civil service examination was held at the government building in this city today for clerks and carriers in the Washington postoffice. The examination was conducted by Mr. N. L. Williamson, assisted by Messrs. B. T. Lucas and T. J. McFarland, and fifty-five persons presented themselves—29 white males and 20 colored males; 5 white females and 1 colored female.

CHARGED WITH THEFT.

Stephen Davis was arrested this morning by Officer Garvey on a warrant sworn out by Robert Grady, colored, who charges him with stealing $100 from the sloop Waterlily, owned by the complainant. The theft is alleged to have been committed about the 30th of August when Grady had one of his legs broken and was sent to the Alexandria Hospital.

Immediately after the 8:30 o'clock mass there will be exposition of the Blessed Sacrament. At 8 p. m. The drying out of some slag to be used in roofing the Fairfax Apartment House at the northeast corner of King and Columbus streets caused some persons to suppose a fire was raging on the east of that structure about 12:30 last night. Tomorrow, Friday, Is REMNANT DAY.

We are more particular, if possible, than ever about keeping our stocks free from remnant accumulations. We therefore go over the various departments carefully each week and withdraw all odds and ends, one-of-a-kind articles, broken sizes and assortments, short lengths, mussed, scratched, and dented goods, everything that is not fresh and perfect, and offer them on Friday at reduced prices—such low prices as usually sell them before the store closes.

By this means you are enabled to secure useful remnants—things that fit right into the personal or home needs—that are good in condition, because they are not allowed to remain in stock long enough to become shopworn or undesirable. And we are unabled to offer at the beginning of each week just such bright, fresh, attractive merchandise as you want and have a right to expect.

STRIKE NEARING AN END.

From all parts of the country are coming reports that the telegraphers' strike is going to pieces. At the Chicago offices the desertions from the union ranks, which have been numerous for several days, have been doubled. St. Louis, Memphis, Salt Lake and other cities reported a general breaking in the union ranks, not due to any concerted action, but to a gradual disintegration and a feeling that there was no hope of a favorable settlement.

At the strike meeting in Chicago Tuesday night, Miss Josephine Fletcher and Miss Harriet Stickel addressed a meeting of the strikers.

"I am thankful I am not a man," said Miss Fletcher when she was called to the platform. "The conduct of you men makes me sick and disgusted with men in general. You loaf around here all day playing cards and expect the union to support you when you should be doing some honest work. The girl strikers have made efforts to secure other employment, but you men talk of cold feet and about sticking and all that sort of stuff instead of looking for work. You ought to be ashamed of yourselves."

The telegraphers' strike was broken at Norfolk yesterday and practically all the strikers returned to work.

How to Cure a Cold.

The question of how to cure a cold without unnecessary loss of time is one in which we are all more or less interested, for the quicker a cold is gotton rid of the less the danger of pneumonia and other serious diseases. Mr. B. W. L. Hall, of Waverly, Va., has used Chamberlain's Cough Remedy for years and says: "I firmly believe Chamberlain's Cough Remedy to be absolutely the best preparation on the market for colds. I have recommended it to my friends and they all agree with me." For sale by Gibson & Timberman and W. F. Creighton & Co.

Hard Times in Kansas.

The old days of grasshoppers and drought are almost forgotten in prosperous Kansas of today; although a citizen of Codell, Earl Shamburg, has not yet forgotten a hard time he encountered. He says: "I was worn out and discouraged by coughing night and day, and could find no relief till I tried Dr. King's New Discovery. It took less than one bottle to completely cure me." The safest and most reliable cough and cold remedy and lung and throat healer ever discovered. Guaranteed by all drug stores. 50c and $1.00. Trial bottle free.

A GREWSOME STORY.

A particularly grewsome story came to light in Naples, yesterday, Eliza Scalisi, a beautiful young woman, was engaged to be married to a young man named Alessandro, but she died a few days before the date set for the ceremony and was buried.

Alessandro was heart-broken over his bereavement, and one night he dug up the body and carried it to his lodging. He embalmed the corpse of the young woman, dressed it in her bridal clothes, and kept it in his rooms a fortnight.

Neighbors finally grew curious from the fact that the young man never went abroad, and, peeping one day through his shuttered windows, they saw Alessandro seated alongside the dead body of the woman who was to have been his wife, affectionately holding her hand. The police were informed, and Alessandro was arrested. The body has been buried the second time.
